Our mission

Enjoy, slow down and connect; with yourself, the people around you and your natural environment.

Work, family, friends, hobbies and ever-longer to-do lists... Everything demands your attention and sometimes you are done with it.

At Zoomers aan Zee you can recharge your batteries completely, stop going on and on and take time for yourself. So turn off your phone, turn on your out of office assistant and immerse yourself completely in the great outdoors by the sea.

With us you experience life by really living again. Say for yourself: don't you want that too?

Our vision

Zoomers aan Zee is the place where you can (re)connect: with yourself, your family/friends and nature. We want you to get back in touch with that relaxed feeling that makes you live.

Paying attention to small things and creating beautiful moments is very important to us. Whether you are reading a good book in one of our attractive hotel rooms, having a good conversation in our cozy beach pavilion while enjoying a tasty snack and drink, or taking an endless walk on the beach with your loved one; at Zoomers aan Zee you always make precious memories that you will carry with you for the rest of your life. We would like to welcome you to an extraordinary place in a dune reserve in North Holland.

In this oasis of peace you come home, relax and reconnect.

Our core values

We like to work with parties that relate to our core values

Very warm welcome

Jovial, gratitude and cheerfulness in every communication. The guest always comes first. The point is that guests are not just numbers, but our most valued guest.

Because every guest deserves the best of the best.

Take care of yourself, your loved ones and your environment

We think about the smallest details so that guests can really relax. We unburden the guest and create a total experience.

Every moment deserves great attention.

Fair quality

You will not find glitter and glamor with us, nature and freedom, on the other hand, will. The honest quality and simple simplicity are reflected in the organic and local products we use and the unique collaboration with the Dutch and high-quality interior brand HK-living.

Honest and delicious.

Sustainability

In our vision, sustainability and energy-neutral entrepreneurship are paramount. We have a responsible approach and are optimistic and driven to bring about positive change in the world.

There is no Planet B!

Understated luxury

Our unique place is a combination of homely warmth and luxury in harmony with nature. You will experience the honest materials, warm tones and wonderful beach vibe at all our locations. And to make guests feel at home, we have blended a touch of artistic (art) with a good dose of optimism.

Dear you, welcome home.

Familie

Zoomers is a family business and family is therefore central. We regard the guests and our employees as part of our family. It is always about giving people a warm heart.

In every encounter, you meet yourself.
